FRENCH OIL FIELDS.

H. H. Robinson Goes on a Tour of Inspection.

Mr. H. Hardie Robinson left last night for New York, from where he will sail on the steamer Lorraine for Paris, France, where he will join a party of French capitalists. They will proceed to Roumania at once to make an investigation of the oil fields of that country. The French capitalists are owners of extensive oil interests in Roumania, and it is the object of Mr. Robinson's visit there to study conditions, with a view of investigating the feasibility of introducing the rotary drilling method in that country. If the rotary method appears satisfactorily advantageous, Mr. Robinson will return immediately and purchase one or more rotary outfits, such as are used in Southeast Texas, and select full crews of competent drillers and helpers to return with him to Roumania and operate on a large scale in that field.

Mr. Robinson is a Frankfort boy who has come to the front in his Texas home. We rejoice to see the prominence he has attained. He is a son of Mrs. Louise Hardie Cleveland, of Texas.

NEW LAW FIRM.

Messrs. Frank Chinn and T. L. Edelen have formed a partnership in the practice of the law, under the style of Chinn & Edelen, and have opened offices in the suite of rooms in the Trust Co. building, corner of Main and St. Clair streets, second floor. Mr. Frank Chinn was born and raised in this county, near the Forks of Elkhorn, and was our schoolmate in the days long since. He is a man of sterling character

and ability. He was a gallant soldier of the Lost Cause. He has attained a high position in his profession by integrity and conscientious work. He is the youngest son of the late Judge Franklin J. Chinn.

Mr. T. L. Edelen was reared at Lebanon. Is a trained lawyer, of first class ability, sterling integrity and general versatility. He has been practicing at the local bar, both in State and National Courts, for about seventeen years, and has been successful from the start.

The combination is one that is strong in every way. We wish the new firm great success. They deserve it.

QUITE A VETERAN.

Col. Geo. B. Harper, President of the Frankfort and Cincinnati Railway, rounded out sixteen years of service with that road on Tuesday last.

It is needless to say that there never was a cleverer or more accommodating railroad man in this city. He has made a success of his work, too, and has won a host of friends by his earnest endeavors to accommodate the traveling public.

This is not the only railway work in which Col. Harper has been engaged, and he is now a veteran in this line.

He is, in addition, one of our most enterprising business men. "Here's lookin' at yer, Colonel."

COMMISSIONER'S SALE.

Commissioner Posey made the following sales of real estate county court day:

Capt. John Brady and six other musicians, composing the Frankfort Orchestra, left Tuesday morning for Danville, where they furnished the music for the commencement exercises of Central University.

The Danville people know where to send when they wish to have good music.

SWITZER P. O. ABOLISHED.

The Postoffice Department has issued an order abolishing the postoffice at Switzer, this county, to take effect June 30. That section will be served by rural free delivery from this city and Stampington Ground.

The Best Guaranty of Merit Is Open Publication.

Every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol, and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient anodyne.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them—people who would be of using the ordinary patent, or secret medicines. Every intelligent entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes has any such profound endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the curable and you cure the disease. "Pleasant Pellets" is a gentle laxative, and two mild cathartics. Druggists all the time and name is "just as good." Easy to take and handy.

UNEXCELLED SERVICE.

Superintendent J. D. Sallee has kept his word. He stated, soon after he came here to take charge of the Traction Co., that he would soon give this city a first-class street railroad service. On Sunday last he put his new schedule into effect, giving car service every ten minutes to the Park and to the Cemetery, and with the new equipment, he is giving the most prompt and satisfactory service ever afforded our citizens. It is all that could be asked.

A MIRACULOUS CURE.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parent and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured. His up-to-date, about medicine and body building tonic, guaranteed. See and find at all druggists.

THANKS.

We have been placed under obligations to our friend, Mr. W. B. Moore, of Shelby county, for a delightful lot of May cherries. He raised quite a nice crop of this delightful fruit, which he is selling in our city.

We desire to return our thanks for his courtesy.

The reputation this school has acquired through its graduates is national.

CORNER STONE ARRIVES.

The corner stone of the new Capitol arrived in this city, over the F. & C. Ry., on Monday evening, coming from the marble quarries in Vermont. It is all ready for the great occasion—June 16. Much credit is due to Col. Geo. B. Harper, President of the Business Men's Club, for the arrangements necessary for the long trip over so many connecting railroad lines.

THE WISDOM OF ANIMALS.
You can not induce a lower animal to eat heartily when not feeling well. A sick dog starves himself, and gets well. The stomach, once over-worked, must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. Kodol for dyspepsia takes up the work for your stomach, digest what you eat and give it a rest. Puts it back in condition again. You can't feel good with a disordered stomach. Try Kodol. Sold by J. W. Gayle.

MEMORIAL TO WORTHY MAN.
The several congregations to whom Rev. J. J. Pettit so long will unite in erecting a monument to his memory at Lebanon Baptist Church today. Quite a number will attend from this city.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

CLOSING EXERCISES OF HIGH SCHOOLS.

The city high schools had their closing exercises this week. The Junior Class held the boards on Tuesday evening at the Opera House.
The entertainment was first class in every respect, the recitations being especially good. The opera, Prof. W. L. Graham conducting, was a charming piece of work eliciting, as did all the exercises, the enthusiastic applause of the big audience.

On Wednesday evening the graduating class, composed of the following young men and young ladies, their recitations were: Basil Kenney, Frances Orr, Henrietta Eales, Florrie Garrard Rodman, Clara Annette Nelson, Ida Hough Roberts, Samuel Kennedy Culbertson and Willlyn Joubert Shipp.
The whole affair was, in every way, a splendid success. The city has every reason to be proud of the work being accomplished by this school under the superintendency of Prof. H. McKee, who has thoroughly demonstrated his fitness for the position. He has been backed up by the conscientious, efficient and patient labors of as fine a corps of teachers as ever held positions in that institution.
The Opera House capacity was tested to the fullest by the big crowd present.
The following program of exercises was carried out:

The barber shop and outfit of Ben Atkins has been sold to Ernest Berry.

Mr. Att Perry, we regret to say, is very low with an incurable disease.

Mr. Newton Thomason, of Owen county, visited relatives here on Sunday.

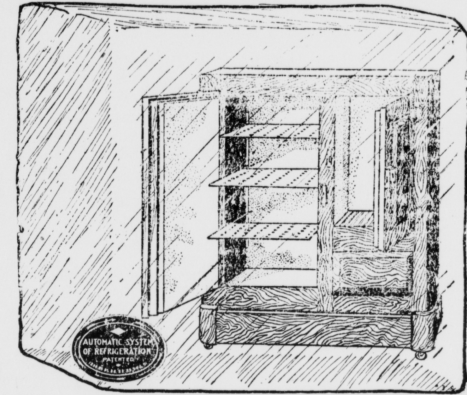

Mr. Fred Owens and wife, of Winchester, visited her brother, Mr. J. C. Johnson, this week.

The music class of Mrs. Mattie Jameson had a delightful outing and picnic on Elkhorn last week. It was a very pleasant affair.

Drs. Stewart & Crutcheff have dissolved partnership. Dr. Stewart will open an office over the drug store. Dr. Crutcheff will remain in the old quarters.

Mr. Perry Mothershead has accepted a position with a street car company in Kansas City, Mo., and his wife left Tuesday to join him. It will be remembered that he resigned his position as Rural Mail Carrier, some time back, on account of the condition of his health. We hope he may be completely restored in his new home.

We had a splendid rain on Thursday evening and Friday. It was a regular "ground soaker," clod masher and gully washer, as prayed for by the old darkey. It has helped everything amazingly, although too late for the oats and meadows. Much tobacco was set out although the plants

were small. We had another good rain on Tuesday. There was a high wind on Thursday, but no serious damage.

A MEASURE OF MERIT.

Frankfort Citizens should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convinced evidence in Frankfort. Is not the testimony of strangers. But the endorsement of Frankfort people.

That's the kind of proof given here—The statement of a Frankfort citizen. Mrs. Mollie E. Callis, of 374 Holmes st., wife of W. H. Callis, foreman at the Frankfort Car Co.'s Works, says: "I have the greatest faith in Doan's Kidney Pills for their treatment brought me untold relief. I had backache for years. It was not severe at all times, but when an attack occurred, especially if I over-exerted myself in any way, aggravation of the aching was sure to follow. A positive proof of some disturbed action of the kidneys was trouble with the kidney sections. I tried various remedies, but found nothing that did me any permanent good. Reading an advertisement in our local papers about Doan's Kidney Pills it occurred to me that they might at last give some relief. Acting on this thought I went to J. W. Gayle's Drug Store and got a box. Their use proved that what people sold about Doan's Kidney Pills was nothing short of the truth. The pain and aching in my back ceased and the trouble with the kidney sections was corrected. I thoroughly believe that my preparation which acts up to the representations made for it like Doan's Kidney Pills can not be too well known."

Lots in Frankfort.

I have caused my land on Arlington Heights, extending from the State Arsenal lot east to Mr. Riddell's lot, laid out on the ground in convenient lots fronting on new avenues to be opened as when the lots shall be sold; and I have at my office made by R. A. Frazier, City Engineer, showing the location and dimensions of the lots and proposed streets and alleys, to which I invite the attention of those desiring to purchase lots for residence purposes.

The Water Co. and Gas Co. will extend their mains as the lots are sold, and sewer connection can be readily made.

The location of these lots can not be surpassed for beauty, fruitfulness and the beauty of scenery.

I will take pleasure in showing the lots to all persons desiring to purchase, and will make known the prices and terms of sale on application to me.

"HOW BLEST THE RIGHT-
EYES WHEN HE DIES."

Beloved and Honored Lady Passes
Peacefully Away.

Just before 7 o'clock, on Sun-
day evening, Mrs. Maria L. Camp-
bell, widow of the late Rev. Dun-
can R. Campbell, D. D. President
of Georgetown College, passed to
the home beyond, aged 84 years
and one month.

Mrs. Campbell was the eldest
daughter of Mr. Henry Wingate
and wife, of this city, and when
in the first flush of a beautiful
young womanhood was wooed and
won by the Hon. Russel McRery,
Representative from Muhlenburg
county, in the Kentucky Legisla-
ture.

Mr. McRery's career was cut
short by an untimely death, and
his young widow and baby boy re-
turned to this city to reside.

Several years later Rev. D. R.
Campbell, D. D. the able and
cultured president of Georgetown
College, met the handsome widow
and won her for his bride. With
Dr. Campbell she removed to
Georgetown and for many years,
and until Dr. Campbell went to
his reward in 1865, she was the
gracious and gentle queen of his
home—winning and holding the
hearts of the vast array of stu-
dents at Georgetown College by
her genial and kindly nature and
genuine interest in "her boys,"
as she so proudly called them.

By her union with Dr. Campbell
she had several children who died
in infancy, and one son, Mr. Dun-
can R. Campbell, Jr., who died in
early manhood from typhoid fe-
ver, and now sleeps in our city on
the hill beside his father.

After Dr. Campbell's death,
Mrs. Campbell returned to this
city to reside.

A life-long member of the Bap-
tist Church, that life has been
marked by a devoted and untiring
service for the Master she loved
so dearly. Until disabled by ill
health she was ever at her post of
duty in all the religious work of
the church—a leader among a
loving band, glad to have her ad-
vice and counsel.

As the shadows began to fall
the star of her faith and trust
grew brighter and brighter, shed-
ding its effulgence on all who
came within her influence—a
glorious testimony to the power
of redeeming love. "Aunt Maria,"
as she was affectionately called
by a host of us, who delighted to
sit at her feet and learn wisdom
from her chastened and gentle
life.

There is a void in the home and
a break in the ranks of church-
workers hard to fill.

As daughter, sister, wife, mother
and friend, she was a model of
dignity, gentleness, and love.

IN some conditions the
gain from the use
of Scott's Emulsion is
very rapid. For this
reason we put up a
fifty-cent size, which is
enough for an ordinary
cough or cold or useful
as a trial for babies
and children. In other
conditions the gain is
slower—health cannot
be built up in a day.
In such cases Scott's

as nourishment; a food
rather than a medicine.
It's a food for tired and
weak digestions.

Excess
Of Smoking Affected
My Heart
So I Had To Sit Up
To Breathe.
Dr. Miles' Heart Cure
Cured Me.

There is nothing that has a more deleter-
ious effect upon the cardiac or heart nerves
than the excessive use of tobacco. Pain and
tenderness around the heart, an oppressive
feeling in the chest, choking sensation in the
throat, discomfort from sleeping on the left
side and smothering spells at night when the
sufferer has to sit up in bed to breathe are
the most common symptoms of a weak heart.
Smokers who feel these symptoms and who do
not understand their meaning should be
warned in time, by the following experience:

"I was greatly troubled with an affection of
the heart, due I think to excessive smoking.
On writing to you for advice I was directed
to begin a course of treatment which in-
cluded Dr. Miles' Heart Cure, Dr. Miles'
Nervine and Liver Pills, together
with bathing, etc. I faithfully followed the
directions given and am pleased to say that
my cure is complete and permanent. Be-
fore beginning the use of your remedies I
was so nervous I could not keep my hands
still and suffered greatly from severe pains
around the heart. Many times at night I
would be forced to assume a sitting posture
to get my breath, and for the time being it
would seem as though my heart had stopped
beating. From the splendid results achieved
in my case I can cheerfully recommend Dr.
Miles' Heart Cure, Restorative Nervine and
other remedies to all sufferers from heart or
nervous troubles."—Yours truly, ELIJAH

combined with firmness of an un-
usual character, where her con-
victions of right were concerned.

The funeral services were con-
ducted from the First Baptist
Church, on Tuesday afternoon at
4:30 o'clock, by Rev. Dr. M. B.
Adams, her pastor, and the large
audience present bore testimony
to the esteem in which she was
held.

She leaves one son (Mr. R. W.
McRery), two sisters (Mrs. Sarah
McKee and Mrs. Ellen Sawvier)
and a very large circle of relatives
and friends to mourn her de-
parture to the home beyond.

It can truthfully be said of her
"blessed are the dead, who die in
the Lord; yea, from henceforth
saith the Spirit, for they do rest
from their labors and their works
do follow them."

The disgusting discharge from the nose
and throat, and the foul catarrhal
breath, are quickly dispensed with
by using Dr. Shoop's Catarrh Cure. Such
soothing antiseptic agents as Oil Eucaly-
ptus, Eucalypti, Wild Indigo, etc., have
been incorporated into a snow white
cream making a catarrhal balm unex-
celled. Sold by all dealers.

LID STILL STICKS.

Notwithstanding "Judge" Mc-
Cann's decision that the Sunday
closing law, as regards saloons, is
unconstitutional, the lid remained
on tight and hard in Louisville,
Lexington and Frankfort on Sun-
day. We believe we heard it in-
timated that State licensees had a
string attached to them.

THE PUBLIC PRINTING.

The contract for the public
printing was awarded last week
by the Printing Commissioners to
a Louisville house, which bid the
very low figure of 9 per cent. of
the schedule provided by law.
The statute provides that 40 cents
per 1,000 ems shall be the max-
imum price paid for plain typeset-
ting. Nine per cent. of 40 cents
is but 3.60 cents, and we under-
stand that the firm to whom the
contract was awarded operates a
union office, paying its machine
operators \$8.50 for an eight-hour
day, or 43¢ cents an hour. As the
best machine men will set
only about 5,000 ems per hour,
each one thousand sets represents
an expense to the firm of 84 cents,
or a loss on composition of about
four cents per thousand. When
is added to this the expense of
proof reading, correcting and im-
position, the loss is still further
augmented to nearly ten cents per
thousand.

When the ordinary individual
looks at these figures he wonders
what sort of graft is to be worked,
or what technicality of the law is
to be taken advantage of by the
contractors to enable them to
catch even, as profit seems out of
the question.

The bid, on the face of the
papers, would seem to reflect a
hoped-for construction which is
different from the understanding
an ordinary bidder would have.

MASONIC VISIT.

The annual inspection of Law-
renceburg Chapter of Royal Arch
Masons took place on Wednesday
evening and quite a number of
brethren from this city were pres-
ent. In the afternoon a called
meeting of Lawrenceburg Council
of Royal and Select Masters was
held and the degrees conferred on
a large class of candidates. At
night the pastors of the Methodist
and Presbyterian Churches were
exalted to the Royal Arch. The
13 hoodoo was broken, for 13 can-
didates were admitted to Law-
renceburg Council, 13 Companions
went up from this city, four times
13 sat down to a banquet after the
work was over and was 13 o'clock
when the Frankfort delegation
started for home.

AGED AND HONORABLE CITIZEN MEETS TERRIBLE DEATH.

Shortly after 2 o'clock, on Monday afternoon, Mr. George Huffman, while assisting a couple of youths in gathering cherries in the yard of his residence, had the misfortune to have a limb of the tree break, which threw him backwards from a platform which he had tied in the tree, another limb catching him under the chin, precipitating him to the ground, breaking his right leg, crushing his skull, breaking several ribs, and otherwise seriously injuring him, from the result of which injuries he died at 4 o'clock p. m.

Mr. Huffman was about 80 years of age, but was unusually active for one of his years, and especially so as he had long suffered from a tail, while pursuing his avocation as a carpenter, which fall injured his spine.

Mr. Huffman was one of the most precise and honorable of men in all his dealings, it being a rule of his life never to go into debt. By economy and earnest labor he had accumulated enough property to maintain himself and wife in their old age.

The couple never had any children of their own, but they had raised a family of girls (nieces of his wife) and had watched over and cared for them as tenderly as if their own. It was the joy of Mr. Huffman's life to have the families of these girls come to their home, and he was never happier than in anticipating such visits.

The relations between this good man and the wife of his youth were peculiarly tender and loving.

Mrs. Huffman met with an accident long years ago by which she practically lost the use of her right hand, and her husband was assiduous and loving in waiting upon her every necessity.

He was a good neighbor and kind friend (as we can testify, having lived across the street from him for a number of years), especially gentle with ladies and children.

Mr. Huffman had been a devout member of the Baptist Church for sixty years, and was ever found in his place in the church when

That BOY in GEORGIA

WILLIAM MALLORY is eight years old and lives in a Georgia town of less than 15,000 people. Within eight months this eight year old boy made enough money IN SELLING THE SATURDAY EVENING POST to buy himself a house and lot which bring him in nearly \$100.00 a year rent.

Think about this you boys of 12 and 13 who complain that you don't have enough spending money! You boys who can "do things," who want to make money, who want to learn how to do business!

We Want You We will pay you handsomely and at the same time help you to become good salesmen—good business men. Some of our boys make \$15.00 a week. Think of what you could do with \$15.00 a week! It wouldn't take you long to get that camera, or bicycle, or horse, or even a house and lot. We give the first supply of POSTS free—so that it costs you nothing to start. There are many prizes besides the regular commissions—camping parties, tours, college courses—and cash prizes. If you are one of the boys who mean to succeed in life we want you to write us.

his health and the duties he owed his wife would permit.

Earnest, honest and true, he did the work the Master committed to his hand with fidelity, and goes to his reward with the respect of the whole community.

To his truly desolate wife, in this her saddest hour, we extend the warmest sympathy.

The funeral services were conducted by his pastor, Rev. Dr. M. B. Adams, on Wednesday afternoon, at 2.30 o'clock, and the remains were laid away in our cemetery.

PEACEMAKER SHOT.

It is learned from a letter to Mrs. J. H. Williamson, of this city, that Mr. Herbert S. Dickerson, a Frankfort boy who is in the employ of the Callahan Construction Co., at Talbotton, Georgia, was shot while attempting to separate two negroes who were fighting. The ball entered his right side, just above the belt and passed clear through his body, inflicting a serious, but not necessarily fatal wound. He has been removed from the railroad camp to a farm house, and is in charge of a trained nurse and is doing as well as can be expected under the circumstances.

Mr. Woods served four years as Assistant County Attorney of Jefferson county, and made a fine record. He was nominated for Circuit Judge on the Republican ticket in 1908.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectation in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c; regular size, 75c. At all druggists. 1 yr.

People get more than they ask for when they have us fill their prescriptions. The public at large is not half so particular as we are in these matters.

We know that our drugs are both pure and of standard strength. We take no chances whatever, and never hesitate to pay the cost of making sure.

Your physician writes a prescription expecting definite results; we see to it that he is not disappointed.

All prescriptions have careful, scientific compounding, and we also make the price right.

DEDICATION AT JACKSON.

We have been requested to publish the following:

Dear Friends in Christ:
The Christian Church at Jackson, Ky., is completed. We hope to dedicate it to the Lord Sunday, June 17, at 1.30 p. m. The present accomplishment has been largely through the generosity of our Christian friends throughout the State, and our hearts are filled with gratitude that through them this blessing has come to us. Now that we are about to "go up into the house of the Lord," we cordially invite yourself and friends to rejoice with us in the dedication of this building.

As the excursion train will pass through picturesque and beautiful country, the trip will be very enjoyable; and as there will be services on the train as well as in the new building, the occasion will be one of spiritual uplift. Indeed our prayer is that these services may be long remembered as a spiritual blessing.

We have secured excursion rates over the L. & E. from Lexington to Jackson and return for \$2.00. The train will leave Lexington at 7:45 a. m. and arrive in Jackson at 11:30 a. m. It will leave on the return trip at 3:35 p. m. and arrive in Lexington at 7:05. The return trip ticket will be good until Monday. The Ladies Aid Society will serve dinner on Sunday and entertain those guests who desire to remain until Monday. In order to get the round trip rate we must get eighty-three passengers. That we may estimate the number of passengers and also the number who desire entertainment please fill out and return the enclosed card not later than Monday, June 11.

At the dedicatory services R. M. Hopkins will have charge of the music, Jas. W. Hagin, of Covington, the communion, and A. K. H. of the late missionary to China, of the dedicatory services proper. It will be a feast of good things. Come and we will do you good.

O. H. POLLARD,
A. H. PATTON,
W. J. DODGE,
Excursion Committee.

If we can get 25 passengers from each place we can get special cars on the interurban from Versailles and Paris at 6:15 a. m.

Sale of tickets will be limited to those attending dedicatory service so there will be no rough crowd.

THE MODERN "PITTSBURGH PERFECT" WIRE FENCE, WELDED BY ELECTRICITY.

What a Marvel it would have been to Abraham Lincoln, splitter of rails.

Mr. Farmer: Your progressiveness is keeping you in close touch with improvements in farm machinery, in dairy methods, and with all the scientific facts that bring about the greatest possible agricultural production.

You are also informing yourself about fence. We know you are.

First—there was the stone fence of medieval history.
Second—pioneer America converted its timber into rails.
Third—somebody found a way to weave wire and slats.
Fourth—along came barbed wire, with its marvelous sale.
Fifth—machines were invented to twist or clamp one wire around another: the woven wire fence.

But, most important of all, electricity now welds the wires at the joint, making no longer necessary these wraps and clamps. Stay and strand, wizard-like, become one.

The greatest step forward in fence building is thus accomplished at a single, master stroke.

Of course, you are not using anything else. Surely you are familiarizing yourself with this remarkable improvement, to be found only in "Pittsburgh Perfect."

MEN AND WOMEN WANTED FOR CHRISTIAN WORK.

The Moody Bible Institute of Chicago sends out an urgent appeal to Christian young men and women of all evangelical denominations to equip themselves for Christian work. Notwithstanding that hundreds of students pass through their hands every year, the demand for such as they train far exceeds the supply. These calls are for pastors of small churches, assistant pastors, Bible teachers, home and foreign missionaries, deaconesses, Sunday-school workers, leaders in boys' work, vocal instructors, choir leaders and Y. M. C. A. and Y. W. C. A. secretaries. While men and women do not get rich in this kind of work, yet salaries are

THE SECRET OF SUCCESS

"No, Sir! You cannot palm off any substitute on me. I've been using August Flower since I was a boy, and I'll have no other."

"Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the worst enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it is the best of all liver regulators? August Flower has a matchless record of over 35 years in curing the ailing millions of these distressing complaints. Two sizes, 25c and 75c. All druggists."
